Item Code: POCKETSTANDMAGK

Magnetic card holder with stand function compatible with MagSafe® ecosystem

Features:

- Designed to interact with the Apple MagSafe® ecosystem
- Magnets built-in to the card holder allowing docking and alignment to the iPhone.
- Leather-effect material
- Can hold up to 2 cards
- Stand function

Compatibility:

iPhone 12 end later (not iPhone SE)

DESCRIPTION:

POCKET STAND MAG is the magnetic card holder with stand function compatible with the MagSafe® ecosystem.

The magnetic module integrated in the card holder allows it to be aligned and attached to the iPhone.

Pocket Stand Mag is made of leather-effect material and can contain up to two cards.

To avoid damaging credit cards, security badges and passports remove the wallet before charging and don't let your cards touch the backside of the wallet or the charger.
